

SUMMARY

React.js Developer with strong knowledge of JavaScript, ES6, and Redux. Passionate about building user-friendly, performance-optimized web applications. Proficient in front-end tools like Webpack and Git, with hands-on experience integrating RESTful APIs.

SKILLS

Programming Languages

• React • MYSQL • HTML 5 • CSS3 • JavaScript(ES6)

Framework & Library & Tools

• Redux • RESTful APIs • TAILWIND • GITHUB

INTERNSHIP

jun 2024 - nov 2024

React js Developer :

- Developed dynamic and responsive web applications using React.js, ensuring seamless user experiences.
- Implemented interactive user interfaces with reusable React components and efficient state management.
- Utilized front-end technologies like HTML, CSS, Tailwind CSS, and JavaScript to create visually engaging and user-friendly designs.

PROJECT

Responsive Portfolio Website

Technologies: HTML, CSS, JavaScript

- Developed a personal portfolio website using HTML5, CSS3, and JavaScript.
- Designed a responsive layout to ensure compatibility across various devices and screen sizes.
- Implemented smooth scrolling, animations, and interactive elements to make the portfolio visually appealing and engaging.
- Developed a secure login and registration system using Django authentication.
- Designed responsive pages to ensure compatibility across devices.

E-commerce Web Application

Technologies: React, HTML, CSS, JavaScript, Redux

- Developed a mock e-commerce web application using React.js and Redux as part of a university project.
- Simulated product data and user authentication functionalities without a backend by utilizing mock data.
- Created reusable and modular components to streamline the development process and maintain code consistency.
- Designed a user-friendly interface with responsive layouts to enhance usability across devices.
- Designed responsive pages to ensure compatibility across devices.
